## PROFESSIONAL SUMMARY

Versatile and detail-oriented Software Developer and Graphic Designer with over 10 years of experience across public institutions and private companies. Skilled in Python, Java, and full-stack web development, with additional expertise in graphic design and team leadership. Recently completed Harvard University's CS50: Introduction to Computer Science, gaining strong foundations in Python, algorithms, data structures, web programming, and databases. Passionate about building impactful digital solutions, continuous learning, and delivering high-quality results in collaborative environments.

## TECHNICAL SKILLS

**Programming & Frameworks:** Python, Java, Django, Flask, Hibernate, Spring Boot, REST APIs

**Web Development:** HTML, CSS, JavaScript, TypeScript, React, Angular, JSON

**Databases:** MySQL, SQLite3

**Version Control & Tools:** Git, GitHub, Visual Studio Code, IntelliJ IDEA

**Design & Prototyping:** Adobe Illustrator, Photoshop, CorelDraw, Figma

**Other Tools:** Gerber Technologies (AccuMark, AccuNest, AccuPlan, Digitizer), MS Office, Network Configuration

## CERTIFICATIONS

### CS50: Introduction to Computer Science – Harvard University (edX, 2025)

Gained strong foundations in Python, computational thinking, algorithms, data structures, and web development.

Key technologies: C, Python, SQL, HTML, CSS, JavaScript, Flask, Git.

### Notable Projects:

■ Finance – Web app that simulates stock trading using Flask, SQL, and API integration.

■ CS50 Final Project – Event Manager – Django-based platform for managing community events with authentication and registration.

■ Albanian Law Search Engine (in development) – Django project under construction using REST APIs and data indexing.

### Software Developer Certificate – Software Developer Academy (Full-Time, 2023)

Skills: Java, Spring Boot, Hibernate, MySQL, HTML, CSS, JavaScript, TypeScript, GitHub.

### Final Projects:

■ Training Management System – Full-stack Java app for managing training sessions and users.

■ Employee Management System – Java-based CRUD app for managing employees, departments, and salaries.

## PROFESSIONAL EXPERIENCE

### Public Sector Employee – National Security Institution

Mar 2021 – Present | Berat, Albania

- Perform administrative and operational tasks in compliance with confidentiality protocols.
- Support institutional operations and collaborate with multidisciplinary teams.

### Head of Design Office – Center Shqiptare

Sep 2019 – Feb 2021 | Berat, Albania

- Led design department and created marketing materials and visual assets.

### Head of Design Office – Intex Company

Apr 2015 – Sep 2019 | Berat, Albania

- Managed design team, created garment patterns using Gerber Technologies.

## **Software Developer Trainee – Software Developer Academy (Full-Time)**

Feb 2023 – Nov 2023 | Berat, Albania

- Completed full-stack software development training in Java, Spring Boot, and MySQL.
- Developed REST API projects and integrated modern front-end functionalities.

## **EDUCATION**

### **Master's Degree in Biology and Chemistry**

Eqrem Çabej University – Gjirokastër, Albania (Oct 2010 – Oct 2012)

### **Bachelor's Degree in Biology and Chemistry**

Eqrem Çabej University – Gjirokastër, Albania (Oct 2007 – Oct 2010)

## **CORE COMPETENCIES**

Analytical & Problem-Solving Skills

Leadership & Team Collaboration

Creativity & Innovation

Adaptability & Continuous Learning

Time Management & Attention to Detail

## **LANGUAGES**

English – Very Good

Italian – Good

Albanian – Native

## **PROJECT PORTFOLIO (GitHub)**

■ [github.com/Olsion23](https://github.com/Olsion23)

### **Highlighted Projects:**

1. Event Manager – Django-based web app for managing and joining events.
2. Training Management System – Java Spring Boot app for managing training programs.
3. Employee Management System – Java CRUD system for HR management.
4. Albanian Law Search Engine (in development) – Django-based law indexing platform.
